

NISG May 2026 Group Meeting – “Breather Easier - Implementing a Robust Respiratory Protective Programme”

Presenter Bio

Gary Pharo – Key Account Manager at Sundström Safety AB

Following 20 years running medium sized businesses in advertising and capital goods, Gary has spent the last 17 years in the Health and Safety Industry focused on respiratory protection. In this time, Gary has collaborated with various industry initiatives, spoken at numerous trade events as well as delivering multiple webinars for IOSH to local, national and international audiences. He has a passion for educating workers on correct respiratory protection and is much in demand to speak at events and at customer specific safety and stand down days. His presentations enjoy glowing testimonials and recommendations from customers who have benefitted from his innovative and entertaining talks that engage the listener and encourage greater compliance. Gary last presented for NISG at our 70th conference in November 2024, receiving excellent feedback.
